

Victoria's Swimming Pool Specialists

Company Profile

By choosing P.J Pools and Spas you are choosing experience...

INSPIRATIONS

P.J Pools and Spas are Victoria's swimming pool construction and renovation specialists.

EXPERIENCE

With over 40 years of Swimming pool design and construction experience, whilst utilising some of the industry's most efficient, reliable performing equipment and materials we strive on bringing your dream to the reality. Our construction ability allows us to be flexible with your pool build, from beautiful small designed pools to some of the most intricate of pools that come with Acrylic windows, Infinity edges, fully tiled and the ability to construct on any house block style. As a current manufacturer of our own unique interior render, we are instrumental in introducing new interior finishes into the swimming pool market with a range of colours and types of finishes to please any colour pallet, proudly supplied by us.

DEDICATION

Here at P.J. Pools & Spas we pride ourselves on being the front runners of the industry. The staff of P.J. Pools & Spas have traveled the world building swimming pools and finishing pool interiors. In fact we have been responsible for some of the most breathtaking swimming pools, both in Australia and around the globe.

QUALITY

It is with great pride that we introduce ourselves to you and offer you the best service available. Our proficiency and experience in the construction, renovation and application of all swimming pool finishing products means that no matter what type of pool you choose, the team at P.J. Pools & Spas will be able to build it for you.

KNOWLEDGE

A family run business since it's inception when George Zukowski turned his talents from solid plastering to pool plastering and pool construction. Bringing his young son Peter to work with him every weekend, it was only natural that Peter joined his father in the business full time by the age of seventeen. Ten years later with swimming pool knowledge coursing through his veins, Peter took over the daily running of the company.
